CHARNYL ADARO

COMPUTER ENGINEER | DIGITAL SECURITY LEAD

Calamba Park Place, Calamba Laguna | charnyladaro@gmail.com | +639055667864

CAREER OBJECTIVE

Computer Engineer and Digital Security Lead with solid experience in cybersecurity, vulnerability checks, and technical support. Skilled in leading security teams, setting up strong security measures, and working with international clients, especially in Japanese business settings. Looking to use my technical skills, leadership, and certifications in ethical hacking and network security to protect digital systems, improve security, and help a progressive company succeed.

PROFESSIONAL EXPERIENCE

TMJPBPO SERVICES INC.

DIGITAL SECURITY LEAD   DEC 2024 - Present

- Lead security engineering teams and enforce security policies
- Develop and manage cybersecurity strategies to prevent attacks
- Analyze security risks and recommend safer solutions
- Educate employees on security best practices
- Discuss detailed project content with Japanese clients
- Review digital security engineers' work before client delivery
- Gather system information prior to Burp Suite diagnostics
- Support digital security engineers during diagnostics
- Assign tasks and delegate security responsibilities

DIGITAL SECURITY ENGINEER   AUG 2023 - NOV 2024

- Monitor and analyze systems to identify security issues
- Assist with security incident response and vulnerability management
- Implement security measures such as firewalls and access controls
